

2022

It's time to register as a vendor for the 2022 Nall in the Fall!

VENDOR LOCATIONS...

SHOW CENTRAL...

We'll be allowing limited vending at show central this year. Only two sites available.

ELECTRIC FLIGHT LINE...

There is a slab-floored, covered and partially enclosed building at the electric line. We'll have a limited number of spaces available here. These will be the **ONLY** vendor spaces available at the electric line. There will be no parking next to the building. There will be no RV parking on the flight line side of the road.

3D LINE...

The sponsor spaces at the front will be \$50 per foot and the side rows will be \$30 per foot.

VENDOR ROW...

Moving the food tent into Vendor Row last year had a **VERY** positive effect on traffic, so we will continue this layout. Red spaces will be \$40 per frontage foot. Blue spaces are \$25 per frontage foot. Green spaces are \$15 per frontage foot. . Red, Green, and Blue spaces are 30 feet deep total.

***NOTE:** If you have set-ups at more than one Vendor location, there will be a 10% discount.

GENERAL GUIDELINES...

PARKING BEHIND YOUR BOOTH... Whatever you intend to park behind your booth will be limited to the length of space purchased and limited to 30 feet total depth. **PLEASE** keep in mind this will include tongues and rear doors or ramps when open. Parking behind your booth is intended for stock trailers or the like. There will be **NO** RV or camper parking in vendor row. Also, in most cases, we can't get any parking right behind the sponsor spaces at show central. Other than a few exceptions, all spaces assume a maximum depth of 30 feet to include your tent and/or whatever you park behind.

CAMPING... Camping will be \$20 per night without services. This charge is for each camper or R/V not by the individual. We will have premium camping sights available for \$250 for all or any part of the week. **THESE SPOTS WILL HAVE WATER AND 50 AMP SERVICE** and are located across the road, behind the shop and training buildings. If you need black water service, the Port'a'John guys will pump it for a fee. Let us know where you would like to camp.

ELECTRIC POWER... Electric power will be available for all vendor booths at \$5 per day. This will only be 15 amp service and is intended for point of sale, lights, computer etc. (no high power equipment like a CNC, etc. And, **NO** RV or Camper parking will be allowed behind booths.

PERSONNEL... If you are registering as a pilot also, or want a golf cart, please go to our website www.tripletreeaerodrome.com. Pilots and vendors spouses are no daily charges. You and vendor personnel with you, not registering as a pilot, will be charged \$10 per day with a \$50 max each.

VENDOR SET-UP... Vendors will be allowed on vendor row beginning at 8:00 am on the Wednesday September 28, 2022. This access will be allowed to stock your vendor area and to move the vendor camper to the designated vendor camping area. Vendor team pilots may walk "over the hill" to help you but no one other than the Vendor site "owner" will be allowed to set up any trailer, tent, RV or "mark" any site prior to the official opening on Friday September 30, 2022 at 1:00 pm. The Vendor site "owner" will be allowed to move only their camper, RV, etc. Any support persons associated with the Vendor will be asked to wait in line, along with our other guests, until the official release on Friday. Flight line tents and trailers cannot be set up in advance of the official release.

SHARING... If you would like to let someone share your space. That vendor will need to pay a minimum Vendor fee of \$100 plus all applicable personnel fees, camping (if separate), etc.

APPLYING FOR SPACE... To apply to be a Vendor, just fill out enclosed form .
Please return Email to: mjoelgregory@gmail.com

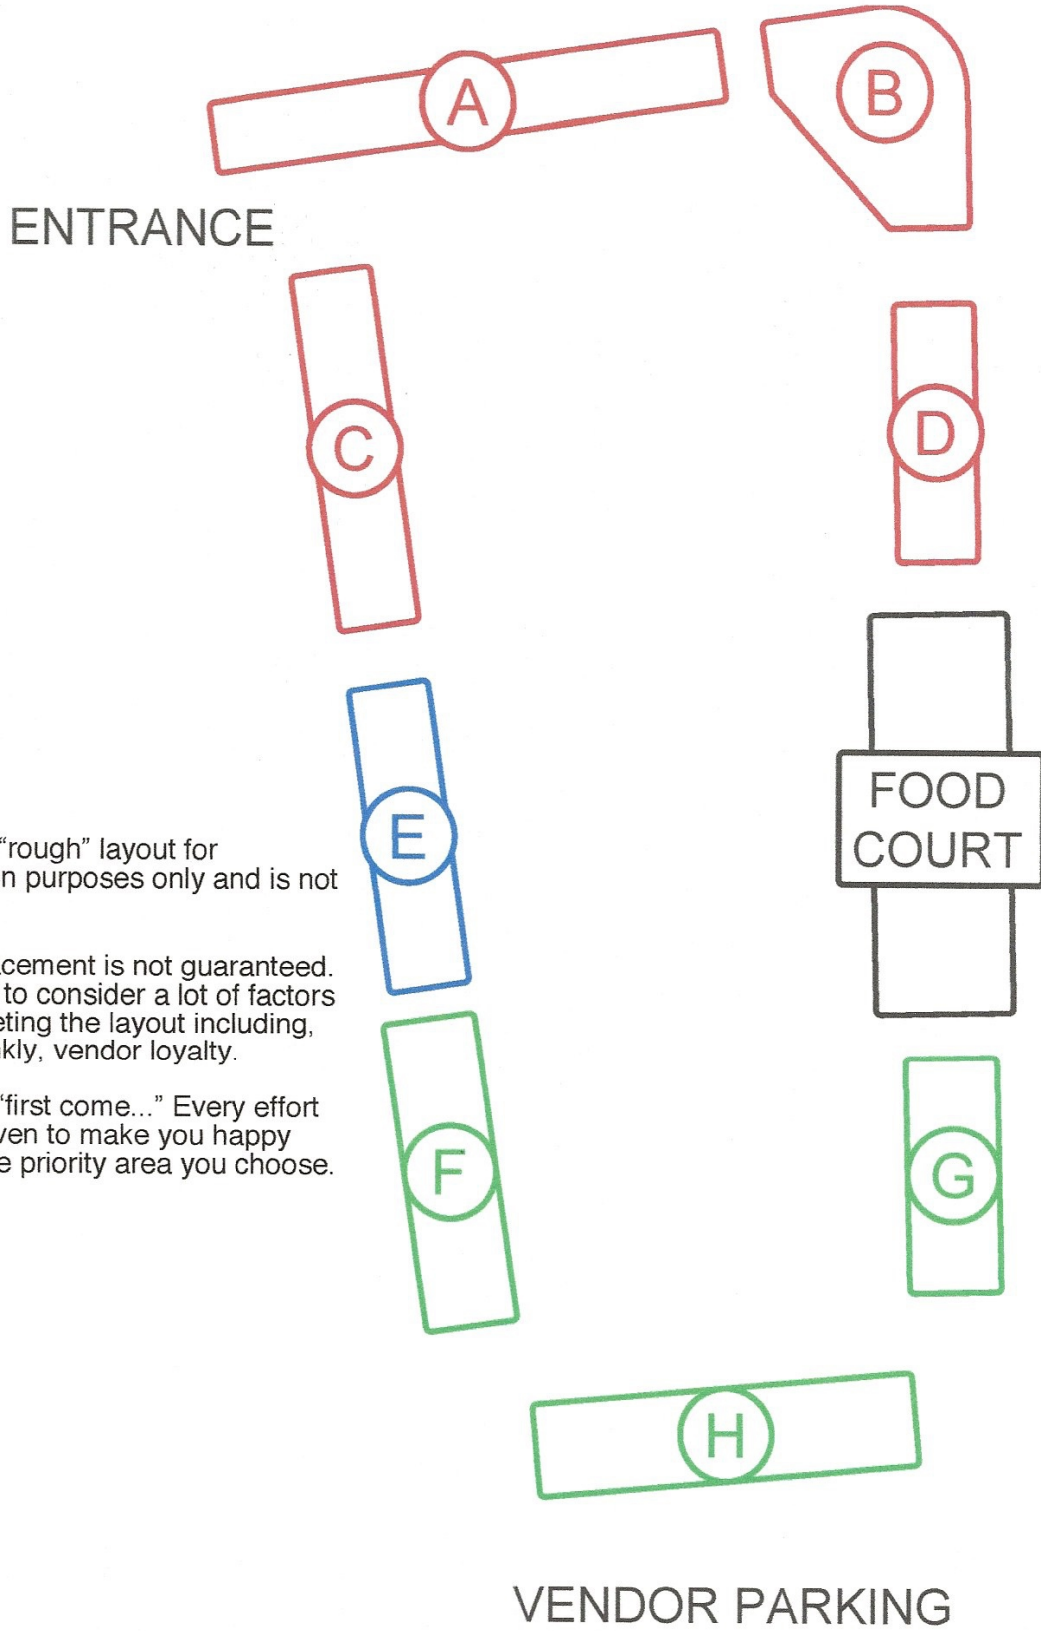

BILLING... Once we have your order, we will email you both a hard copy if you'd like to pay by check, and a link to pay by credit card if that's more convenient.
If paying by credit card a 4% surcharge will be added.

We expect payment no later than September 19, 2022. If you have any rental items ordered, they will be cancelled on September, 20 , 2022 and a 25% cancellation fee may be assessed.

**Please Call, Mike Gregory (864 313-6572) or email to: mjoelgregory@gmail.com or,
Ginger Foster (404-695-2331) or email to: gingsnap@hotmail.com, they will try to
see to your needs. Please call if we can help in any way.**

See you in October!

"PLANNED" VENDOR ROW ARRANGEMENT

This is a "rough" layout for discussion purposes only and is not to scale.

Exact placement is not guaranteed. We have to consider a lot of factors in completing the layout including, quite frankly, vendor loyalty.

It's NOT "first come..." Every effort will be given to make you happy within the priority area you choose.

On behalf of the Triple Tree Aviators, we want to thank you for your participation and support for the 2022 Nall in the Fall.

2022 VENDOR PROMOTIONAL GUIDELINES

*To help us organize the layout of Nall in the Fall, we ask that all vendors have front-facing tables and/or displays for product promotion and/or vending - to be a functioning booth for your wares.

As a vendor, you will be entitled to promote, display and sell your products. Of course, ALL vendors are free to attach and display banners directly to their tent both inside and out. The display of any further promotional items anywhere else on the property will be constrained as follows:

* Vendors with sponsorship totaling \$1,400 - \$2,999 in total charges will be entitled to:

- * One display banner on the far side of both the classic and 3D runways not to exceed 10 ft in length.

- * No more than 4 sails, banners or flags total along the roadways and common areas including in front of your tent. Items must have a separation of 10 ft from the flags of other vendors.

* Vendors with sponsorship totaling \$3,000 or more in total charges, will be entitled to:

- * One display banner on the far side of both the classic and 3D runways not to exceed 20 ft in length.

- * One display banner on the front gate not to exceed 6' in length.

- * No more than 10 sails, banners or flags total along the roadways and common areas including in front of your tent. Items must have a separation of 10 ft from the flags of other vendors.

*Triple Tree Aerodrome, Inc. and all subsidiary logos, mastheads and related artwork may only be reproduced by permission on any item sold.

Note: Promotional items are extended to the named company on the vendor application and may not be extended to any subsidiary organizations.

* Trash: Please police your area, always pick up your trash and cigarette butts! We are a "PACK IT IN" "PACK IT OUT" event. All vendors will be expected to see to the cleanup of their site. The trash cans are NOT for your shipping boxes.

* All vendors will constrain their product displays to the confines of their purchased space. No aircraft, display boards etc. will be allowed in the aisles.

* Any vehicles and/or trailers that you want parked directly behind your space, must be no longer than the space purchased (Remember to measure including the tongue and any rear doors or gate that you will need to open). We will work with you to try and park any other or oversize trailers as near to you as possible. In most cases, these item(s) must be parked parallel and not perpendicular to your booth.

"Sponsor" spaces directly on the Classic and/or 3D Flight Lines may or may not have parking available directly behind your tent.

*You will please agree to remove or assign to a common carrier for removal, all equipment by 5PM Mon. October 10, 2022
